

About Us

We are revolutionizing healthcare accessibility with our smart doctor appointment booking platform. Designed to simplify patient care, our web application allows users to book appointments with trusted doctors, consult via secure video calls, and receive digital prescriptions — all in one place.

Built with convenience and reliability at its core, the platform bridges the gap between patients and healthcare professionals, ensuring timely consultations and personalized medical support. This innovative healthcare solution is proudly a product of WhizzAct Private Limited, committed to delivering technology that improves everyday lives.
